SECTION 5 — OPEN FEEDBACK

15. NITI's biggest advantage over plain Claude (2–3 lines):

There are times I wish I could switch NITI to normal Claude,
because during working I generally after research and analysis mode
I require drafting mode and I do not have to change my engines

16. What NITI missed or got wrong:

Nothing as of yet

17. One thing you'd change:

an automatic switch from analysis to drafting mode

OVERALL

Recommend NITI to another lawyer?

☒ Yes ☐ No ☐ Needs improvement first

Other comments:

I can recommend but I am yet to see enough advantage over Claude, maybe it needs to adapt to the each to lawyer at a personal level, maybe over conversations it learns about the lawyer by speaking to it, understand the personal limitations of the lawyer, their knowledge lapses and then draft analysis tailor in a language or style they understand. I haven't compared it with other models like Harvey as of yet.
